## Profiles, fixings and adhesives

### ADVANTAGES

- Available to suit panels of all thickness
- All profiles and fixings are offered in any RAL or BS standard colour
- Profiles are stocked in both PVC and anodized aluminium

### DESCRIPTION

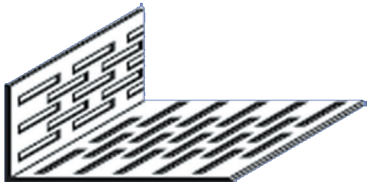

Vivalda offers a large and varied range of products from many different manufacturers for structural bonding adhesives. As an alternative to visible fixings you can specify adhesives when the designs call for sleek, sweeping lines.

Component parts for this method of fixing are:

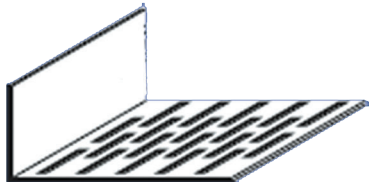

- Adhesive cartridges
  - Surface activators
  - Double sided tape
- Wood primers
  - Cleaner
  - Application set

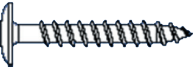

Soffit vent

Aluminium vent

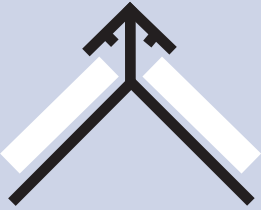

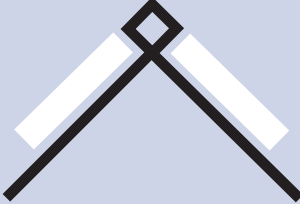

Bottom vent

FIXINGS			
Large head torx screw	Self drill torx screw	Shiplap nail	Balcony bolt set
			
			
Small head torx screw	Rivet	Nail	Ejot screw

## Profiles

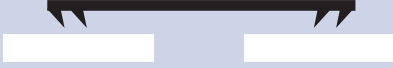

For further information, prices, samples, technical advice or a site visit please contact your local sales office.

These are a small selection of the most popular profiles with many further profiles available to suit most requirements. Vivalda can also manufacture made to measure colour matched aluminium flashings and sills. Vivalda supplies a range of aluminium fixing systems to offer a solution to the most demanding environment. These vary from rivet fix to secret fix accommodating cavity ranges from 20mm to 400mm.
